Course overview

A Certificate IV in Leisure and Health will help you move your career into the community service and health industries. You’ll design, implement and evaluate leisure and health activities and programs across many sectors, including residential facilities, community agencies and day centres.

This course will give you the knowledge and practical skills to work with people who have complex needs. You’ll plan and conduct exciting activities and learn to confirm a physical health status. Once completed, you’ll have the capabilities to move into the industry as an activities officer, recreational therapy assistant, aged care recreation officer, and a whole lot more.

This course uses a combination of online and in class study methods.
